

Father's Day Treasure Hunt

Somewhere within South Herefordshire stands a dilapidated structure. At the base of its Western wall, guarded closely, there lies a secret box. The box contains treasure...

treasure that belongs to the first to find it.

Could that be you?

Simply solve 8 clues to identify 8 South Herefordshire locations and from each one, take a number as instructed in the clue. Put each number into the appropriate box in the grid below to create an 8-figure Ordnance Survey National Grid Reference. This will identify the location of the secret box.

Only 2 clues are being released at present. These are clues 4 and 8 ... for digits 4 and 8 of the grid reference. The remaining clues will be published at the start of the weekend on which Father's Day lies – at 7pm, Friday 15th June on www.daysoutwithdad.org.uk/fathersday.

Even for those who reach it after the treasure has been taken, the box will contain an instruction. You can follow that instruction in order to be added to the Days Out With Dad Treasure Hunt Hall of Fame to be published on our website once the treasure has been found. The Treasure Hunt will cease at 9pm on Sunday 1st July and the answers will be published.

Clue 1

...

Clue 2

...

Clue 3

...

Clue 4

Easily spotted by its trees,
A host to an annual fest of high knees
And a bit of a fiddle
Though not in the middle
This place a monarch should please.
Should this one really be allowed? Well, partly at least.
Take the last digit of the year of planting.

Clue 5

Clue 6

...

Clue 7

...

Clue 8

Not bad a place for children to play
Not poor were those who owned it one day
Cleats realign – there are seams nearby
Slighted by a woman with a reach for the sky.
This lady has no lack of balls.
Take the number in the layer one from the top.
